5 September 1963

MEMORANDUM FOR : AFIGO-S
Headquarters, USAF

ATTENTION : Colonel Leo P. Geary

25X1A

SUBJECT : Distinguished Flying Cross for

25X1A

25X1A

Now that is back in uniform and on duty with us, I am moved to inquire into the status of the Distinguished Flying Cross which he earned during his service with the IDEALIST Project under the rather informal arrangement which existed in the past. He has not asked me to inquire about this, but mindful of our earlier awards to the original group of IDEALIST pilots who returned to the Service, I would like to ask if it might not be possible to arrange for his award in such a way that its presentation could be made by General Carter, the Deputy Director of Central Intelligence. Please let me know if you have any views on this subject, and when it might be possible to look forward to making a presentation to which, of course, you and your staff would normally be invited!

FOR THE DEPUTY DIRECTOR (SCIENCE AND TECHNOLOGY)
